

CIRCULAR LETTER NUMBER 14-2008

ROTAX
NEW AGE KARTING

ROTAX MAX CHALLENGE GRAND FINALS 2008

Dear Distributors !

It is our pleasure to announce the date and location for the ROTAX Grand Finals 2008.

Most likely a lot of you already know as communications in karting community simply work great.

The event will take place on

27. - 30. Nov. 2008

at the awesome track of

**La Conca International circuit in Muro
Leccese / Italy.**

We are proud having entered a cooperation with Mr. Luca de Donno representing the La Conca Sporting Club to host the Grand Finals 2008.

Mr. Luca de Donno being the organizer of the WSK international karting series as well as several CIK European and World championships is one of the most experienced event organizers in the karting business driving one of the most modern kart tracks.

We are all looking forward coming to Italy to experience the famous Italian hospitality and would like to thank in advance the La Conca Sporting club and its partners for their efforts and enthusiasm.

With respect to questions about the climate there, pls. be informed, that the track of La conca is in the southern part of Italy (approx. 1000 km south of for example the track of Lonato at lake Garda) and it's one of the warmest and driest regions of Europe.

The track of La conca in Muro Leccese is located close to the sea (10 km) south of the cities of Brindisi (next airport) and Lecce.

More info on the location, travel arrangement to follow on a regular base as of now.

Pls. take note that the travel arrangements (flights, rental car and hotel) will be organized by the travel agency "GEO REISEN" offering special rates at hotels which are exclusively reserved for this event.

As of now we kindly ask you to start officially publishing this info on your web pages and other promotional material, an official press release will follow next week.

At latest by the end of April we will announce as well the chassis manufacturers supporting us at this event.

Pls. make sure that you use the official logo which you can download from our ftp-server and pls. respect the rules to be applied.

Best regards and see you there !!!

Robert
