EAT & DRINK

Campania is the land of sun, sea and culture, an area that has distinguished itself since the ancient times for its vast culinary heritage that is rich in unique delicacies. It is the home of pasta and pizza and nevertheless, the region is famous for a wide variety of typical cheeses, traditional salami and liqueurs.

The pizza was invented in Naples by an unknown street baker many centuries ago. The city of pasta - Gragnano (a small town in the Naples metropolitan area) is renowned worldwide for having the best pasta in Italy. Travel along Campania's coastline and you'll find some of the best fish and seafood in Italy. Buffalo Mozzarella started life here over 1.000 years ago and another well-known cheese is Scamorza.

Stroll along the stunning Amalfi Coast and you'll see stepped hillsides covered in lemon groves. Amalfi lemons are renowned for their wonderful flavour and aroma, whether eaten fresh or drunk in limoncello (liqueur).

WHAT TO SEE

Within the province of Campania there is also located the Amalfi Coast - an UNESCO World Heritage Site since 1997 - attracting thousands of tourists from all around the world every year. It is about 1.5 hours away from Salerno and worth a visit.

Naples is the regional capital and the third-largest municipality in Italy after Rome and Milan. Its continuously built-up metropolitan area is one of the most densely populated cities in Europe. Naples' historic city center is the largest in Europe and a UNESCO World Heritage Site with a wide range of culturally and historically significant sites nearby.

Mount Vesuvius is a somma-stratovolcano located 9 km east of Naples. It is best known for its eruption in AD79 that led to the burying and destruction of the Roman city of Pompeii and is the only volcano on the European mainland to have erupted within the last hundred years. Today, it is regarded as one of the most dangerous volcanoes in the world because of 3,000.000 people living nearby.

4.2 How to get there

Sarno is located on the western coast of Campania, in the province of Salerno, 30 km northeast from the city of Salerno and 40 km east of Naples, the capital of Campania, which has also an international airport.

INTERNATIONAL FLIGHTS

The nearest international airports to Sarno are Naples or Rome:

Naples is approximately 40 m away from Sarno and it takes about 35 min by car or 1 hour by Train to Sarno.

Rome is about 240 km north of Sarno. It takes 2 hours by car and about 3 hours by train.

Distance of Sarno to the race track:

The kart track is located outside of Sarno, just 6 km from the city centre.

There is no metro in Sarno and generally no easy accessibility with public transportation, so this option is not recommended. We would recommend to take a rental car at your arrival airport.

DRIVING IN ITALY

Traffic travels on the right in Italy.

Speed limits in Italy are as follows:

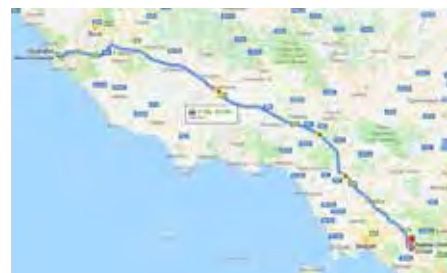

Cities:	31 mph / 50 kph
Open Roads:	55 mph / 90 kph
Highways:	80 mph / 130 kph

Drivers without an EU driving licence are allowed to drive with an official translation or an International Drivers Permit (IDP) that accompanies the foreign licence.

Furthermore, there are several legal regulations that apply for driving in Italy which also need to be fulfilled when driving rental cars. The driver is expected to carry a replacement tire and the respective tools needed, reflective vests for driver and passengers as well as warning triangles. The reflector vest must be worn by any person carrying out repairs when outside the vehicle and the vehicle is stationary on the road.

The warning triangle is mandatory, and it must be displayed on the road to warn oncoming drivers that your vehicle has problems. A replacement bulb set is also mandatory. First-aid kit is advised but not compulsory.

The usage of mobile devices is banned and if caught you will be heavily fined.

4.3 HOTEL RECOMMENDATION

We don't have prebooked hotels this year.

There are several cities about 30 to 40 min drive by car which are located near the sea, where you can look for rooms like Salerno, Vietri sul Mare, Pompei, Castellammare di Stabia or Torre Annunziata.

Feel free to search for the perfect spot for your stay.

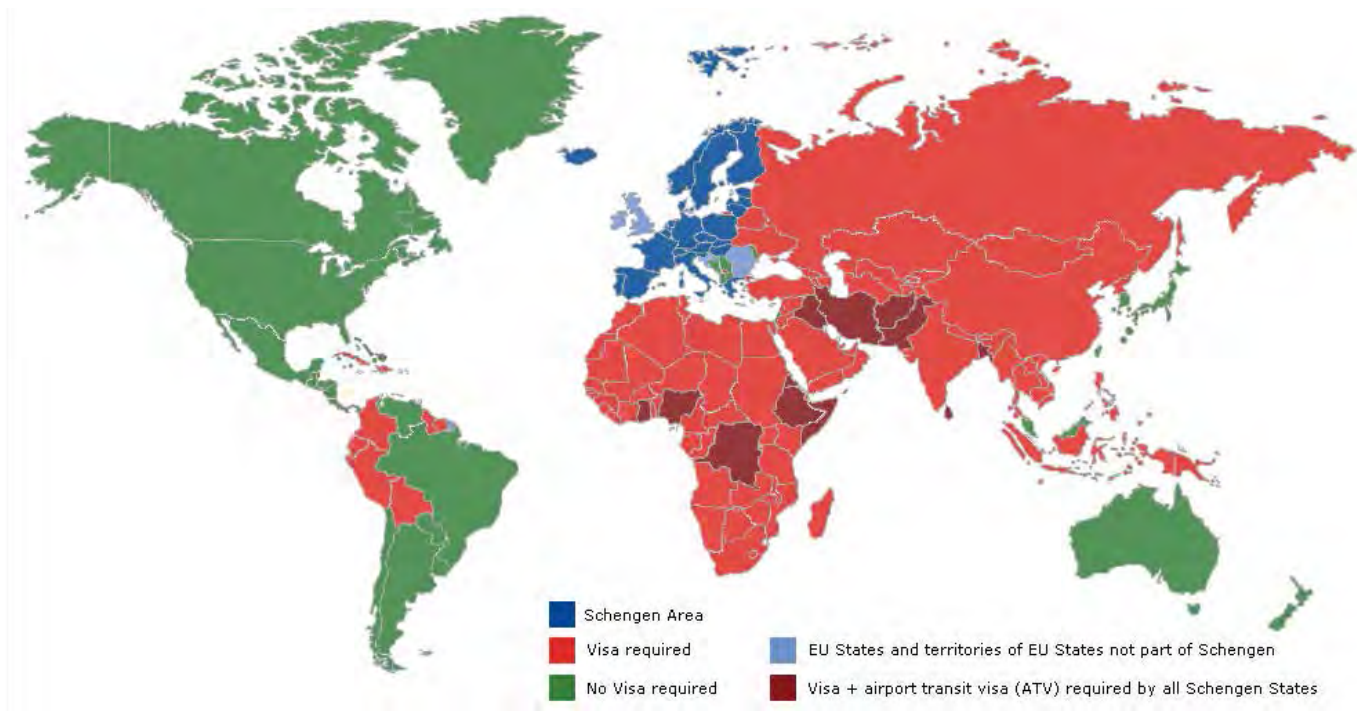

DRIVER INFORMATION

SARNO, ITALY / OCT 19 – 26, 2019

4.4. Entry Information / Visa

Italy is - like most of the European States - part of the Schengen area, thus it is possible to move freely between these countries. In order to enter this external border, a Schengen visa might be required (see on the map below).

For visa-free countries, the passport must be valid for at least 6 months beyond the intended period of stay and need to have a round-trip airline ticket.

The EU has a common list of countries whose citizens must have a visa when crossing the external borders and a list of countries whose citizens are exempt from that requirement. So far, the EU has concluded visa facilitation agreements with the following non-EU countries: Albania, Armenia, Azerbaijan, Bosnia and Herzegovina, Cape Verde, FYROM, Georgia, Moldova, Montenegro, Serbia, Russia and Ukraine.

More information: <http://ec.europa.eu/dgs/home-affairs/>

Schengen Visa Application Requirements:

In general, the Schengen visa has to be obtained from the Embassy/Consulate of the country where the main purpose of travel lies. In case you are travelling to more than one Schengen country, the application needs to be made at the Embassy/Consulate where you will be staying for the maximum number of days. In case of equal stay in each of these countries one has to apply at the Schengen country which is first port of entry. In most cases, the request thus must be made at the Embassy/Consulate of Italy.

NOTE:

To avoid any problems we strongly recommend to check the regulations for your country with your local embassy!
