3. TRACK

Once more the Rotax MAX Challenge Grand Finals returns to the Kartódromo Internacional do Algarve (KIA) which is located along the Atlantic coastline of the Algarve region in the south of Portugal. With its warm weather and beautiful beaches, surrounded by a mountainous natural landscape, it is rich with culture, great food and leisure.

The Autódromo do Algarve is the favourite home to motorsport events in Portimão and one of the premier racing facilities worldwide, with its 5-star hotel spa resort and serviced apartments. The kart circuit was completed in 2010 as part of a huge modern complex and overlooks the big race circuit, which also plays host to various international car and motorcycle events annually. It is just a 15 minute drive from the cities of Portimão and Lagos, situated within good driving distance from two international airports: Faro (70km) and Lisbon (200km).

The kart track offers a very nice and fast layout to drive with a smooth surface over a varying degree of elevation. It has many different types of corners that can make the contrast between drivers during the competition, with good 'user-friendly' kerbs defining the apex and edge of the circuit. There is a fast 400-metre-long straight and without any doubt, plenty of places to pass throughout the lap.

Details of the Track:

1.600 metres long / 10 turns
8-9 metres wide

Address KIA: Sítio do Escampadinho, Mexilhoeira Grande
