

NO. 14/2023
JUNIOR MAX AGE REQUIREMENTS, RMCGF 2023 AND INTERNATIONAL
EVENTS

PUBLIC

February 21st, 2023

Dear distributor,

We are receiving a lot of questions about the RMC Global Sporting regulation bulletin 01, Concerning the Junior MAX age requirements at international events and applicable to the RMCGF 2023.

As the Junior MAX category at the RMCGF 2023 will be an international category, CIK FIA regulations will apply in full.

This means:

Any driver 15 years old (born in 2008) and competing in the Junior MAX category at the RMCGF 2023 must satisfy the below licence requirements to be able to race:

- Driver must be placed on the official CIK FIA list (on the CIK FIA web page) of special license holders for International G karting license
- Hold a valid International G Karting License (From ASN associated with CIK FIA)

Please make sure that this is clearly communicated with your customers, this is to ensure we avoid any problems at the registration for the RMCGF 2023.

Not all ASN junior licences match the requirements of CIK FIA. As we will be running the RMCGF under CIK FIA International rules these licence rules must be respected for the event, it's the driver's/entrant responsibility to hold the required licence and qualification criteria to participate at the RMCGF in all categories.

Best regards,

i.V. Stefan Gruber
